

Crocodile Creek®

2025

OUR VISION... OUR WORLD...

CARING TODAY. PLANTING SEEDS FOR TOMORROW.

We believe that within the moments of today are the seeds for the possibilities of tomorrow.

We believe, that in many ways, these extraordinary times are also times to dream, to imagine and to build. We believe these are also times for inspiration, discovery and creativity.

We believe that this moment in time is a time to care even more about the children in our world.

It is time to nurture them so they will know the joy of today and the promise of tomorrow.

It is a time to inspire them so they might know the wonder of discovery, the delight of imagination and the thrill of creativity. It is time to guide and teach them so they will know the joy of connection and the satisfaction of learning and accomplishment.

Our goal at Crocodile Creek is to create thoughtful, beautifully designed products for the children in our world, to care about all those with whom we work, to care about the world in which we live and to continuously plant seeds for tomorrow so we and our world can thrive and flourish in the days and years ahead.

LET'S CREATE

FOR THE LITTLE NATURE LOVERS! Two fantastic creative activities that not only allow children to express their artistic side but also provide a fun way to discover the wonders of nature. A “Design Your Own Bird House” kit and a “4 Star Bug Hotel” kit which transform into refuges for feathered friends or creepy crawlies. Once completed, kids can place their creations outdoors and become keen observers of the natural world.
