game suggestions

game 1

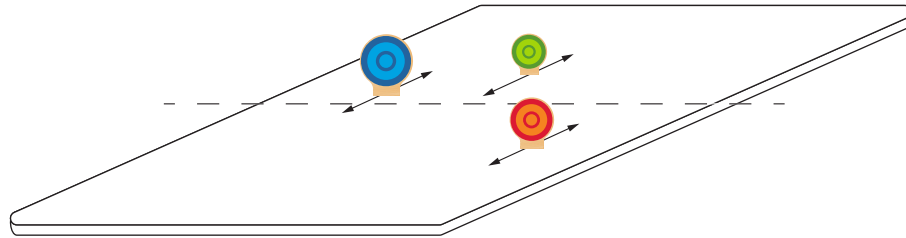

Put down all targets and try to shoot them all in the least shoots as possible.

game 2

Put down the biggest target and try to shoot it. If you succeed, take one step back and try again. From how far can you shoot and hit the target?

game 3

Put the targets in the middle of a table. Both standing on one side. Take turns shooting. Each time you hit a target, you can move the target 10 cm closer to the opponent's side. The first one to get all the targets of the table wins the game.
